## Richardson Asks **Council For Action** On Important Acts

Mayor T. C. Richardson appear ed before the Pahokee city coun cil Tuesday night with a list of seven important recommendations for consideration by that body seven important recommendations for consideration by that body Items 2, 3, 5, and 6 were given immediate consideration by the council and motions were passed putting the mayor's ideas into effect immediately. Other recommendations were taken under advisement and will, in all probability, be acted on at the next meeting of the council.

Mayor Richardson's recommendations were taken to the council.

ing of the council.

Mayor Richardson's recommendations addressed to the council were as follows:

1. You have noticed recently, news items relative to the spread of Infantile Paralysis in South Florida: Due to our very unsanitary conditions our community is particularly unlerable to an epidemic of this nature.

In this connection, the Veterans organization is sponsoring an immediate Clean-Up campaign, and it is recommended that the Sanitary department of the City-of-Pahokee cooperate with the Veterans, and coordinate all efforts in really freeing the city from the menace freeing the city from the menace of our deplorably unsanitary con-

ditions.

Put into effect a drastic enforcement program of all city or-dinances pertaining to sanitation, particularly such items as garbage disposal, the use of covered receptacles, spraying of the city garbage dump, cutting of weeds where they are used in many places in the place of toilets, emptying of refuse in the canals etc. This Is Urgent, An ounce of preventative is worth a pound of cure.

2. In view of the nearness of the time for preparing the annual budget, and realizing that not much can be done until such budget is worked out, it is requested that the Mayor be empowered to contact the heads of various civic organizations, and representative citizens, with the purpose of finding out their programs, plans, and desires in order that all information may collated (including their suggestions for financing), to avoid duplication of effort, and also to place in the hands of your body the information collected in ample time for your consideration of such items as may have a bearing on the budget. 2. In view of the nearness of the

ing on the budget.

3. That in connection with the paragraph just above, a Tax Commission, as provided for in the city charter, be formed.

charter, be formed.

4. That before beginning any extensive street or sidewalk program, a system of street and side walk grades and levels be established, and that disposal of water be a prime factor in establishing such base levels.

5. That the book containing the Ordinances now in effect be properly indexed under proper subject heading.

6. That an armount of the proper subject heading.

6. That an ordinance be passed raising "Court Costs" from \$3.50
to \$6.00.

That an ordinance be passed said Wednesday to had resigned 7. That an ordinance be passed covering penalties for drivers of cars or trucks whose drivers licenses have been revoked.

If Tuesday night's meeting of. the new city council in Pahokee is a criterion of things to come is a criterion of things to come in the future, citizens may rest assured that their city's business affairs are in capable and efficient hands. One serious problem after another was squarely met and disposed of in business-like manner and plans made for more efficient operation of city affairs in the future.

First official action of the new council was to designate council members to various committees. The police and fire department will be under the direction of I. M. Lair. Don Hillier will be responsible for the streets sidewalks and Lair. Don Hillier will be responsible for the streets, sidewalks and parks while Frank Shaughnessy will be in charge of utilities and waterworks. Sanitation will be under the direction of Victor L. Geiger and Robert Mackey was chosen as head of the finance committee. All employees were remitted. Some at increase in salary.

hired. Some at increase in salary.
Members of the roads and streets committee of the Veterans Progressive Organization appeared before the coluncil and soughthelp in building streets in the new Veterans sub-division. After all facts in the case were ably presented by members of the veterans group the council voted to spend up to \$2,000.00 in assisting the veterans to carry out their street program. The new sub-division will have 48 new homes. gram. The new s have 48 new homes.

Permission was granted the State Highway Patrol to use office space in the city hall for the pa-trol's short wave radio station. Proposed erection of the broadtrol's short wave radio station. Proposed erection of the broad-cast tower for the station brought objection from an air-minded group that is using the dike for a landing strip—Fight where the proposed tower will be erected. the city governments of city will make all assessments of city property.

Another progressive step taken by the council was passage of a resolution calling for installation by the Florida Power and Light company of 42 more street lights in various sections of Pahokee. Starting at the Pure Oil station and running north to about Boe's place there will be 15 new lights installed. Ten more will be placed in colored town and Bacom Point Road will receive six more. Cat. Alley will get two new lights and three more will be erected on Barfield Highway. The remainder are in various sections of the city.

## Paper Shortage Worse

War in Europe has been over a year, and in Japan, nine months, and yet skilled labor is as hard to find now as it was months, and yet skilled labor is as hard to find now as it was during the war, and many materials are as scarce or scarcer than they were when hostilities were at their height.

During the war, the Citizen had a continuous supply of print paper. Now it has been unable for several months to

obtain paper, as a result of which the supply on hand will be exhausted in three weeks.

The publisher had tried in all parts of the United States, where newsprint usually is available and is now trying in Canada, where there are many paper mills to get a supply, but has been unsuccessful.

The outlook is that the Citizen will have to be reduced in size still further, or may have to cease publication until it can get a supply of paper.—Key West Citizen.

### Fair Pay For Nurses

We urged nurses in this area to apply to Orange General hospital for service, because of the dire lack of nurses there and in doing so we suggested that more pay would probably bring a better response. Two days later we carried a letter from a nurse eloquently describing the inadequacy of pay and confirming our opinion that pay raises are essential, not procured by raises the second of the pay and the second or the pay and the second or the pay and the second or the pay are second or the pay and the second or the pay are s picayunish raises, but substantial ones, for nurses are the indispensable agents of doctors and hospitals.

Here the number of nurses has decreased and the number of sick steadily rises, so if it's a question of pay, surely we can't let people die for failure to pay adequately.—Orlando

#### **Churches Of Christ** Scientist

"SOUL AND BODY," is the sub ject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, May 26.

The Golden Text is: "Know not that ye are the temple of God, and that the Spirit of God dwelleth in you?" (I Cor. 3:16).

Among the citations which com-prise the Lesson-Sermon is the fol-lowing from the Bible: "What? know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own? For ye are bought with a price" (I Cor. 6:19,

The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Whoever is incompetent to ex-plain Soul would be wise not to undertake the explanation of body. Life is, always has been, and ever will be independnt of matter; for Life is God, and man is the idea of God, not formed materially but spiritually, and not subject to decay and dust" (p.200:8-13).

This dread ailment is worse than "house maid's knee". It comes from stretching under beds, around sofas and behind chairs - trying to plug in your electric lamps, radio and other appliances. It's easily cured! All you do is to consult your electrician. He'll prescribe "adequate wiring" - enough electric outlets and the right kind of wiring for all the new modern-age conveniences. He's the best doctor in the world for a bad case of "stretch-itis".

Whitt Brewton, recently return-ed GI who said upon his return home from Europe that traveling north to Sand Cut would be con-sidered a long distance for him for some time to come, went a few miles further away from home Monday on a fishing trip. He ventured as far away as the St. Lucie canal in company of Butler Lucie canal in company of Butler Spooner who, is a pretty good fish-erinan. Whitt snagged a five foot alligator while fishing for bass. Three times the alligator struck. Three times Whitt failed to land him. After all, according to Whitt, a five foot alligator is a pretty good test for small tackle.

King with 64,444 votes led a field of eight candidates in 47 counties and topped Brown in 62. Brown received 40,080 to enter the May 28 second primary.

In a series of speeches in prin-cipal cities, King this week pledg-ed a vigorous fight to carry out freight rate gains won in the re-cent three-judge federal court ruling upholding the South's fight for parity with northern shippers. He declared also that as a member of the commission he oppose the 25 per cent incres commission he would rail rates recently requested by the reilroads

King is a member of the state senate, and while in that body has taken the lead in advocating state advertising campaign to at-tract more tourists and industries to Florida. Good transportation and communication are necessary, he declared, if the people thus brought to Florida are to remain here. For that reason he said he proposed as a member of the rail-road commission to make better telephone service and improved bus and truck service his major aims during the post-war reconversion years.

What a sorry election that turned out to be ... no fights ... no fillin's ... almost as quiet as a Harian County, Kentucky job. If Dick's and Frank's right hands had been hooked up to a pitcher pump they would have pumped 999,468,321 gallons of water or oil. That's vital statistics in case you didn't know. The only reason Hillier was elected was because he jumped the gum—he started campaigning on the last Roosevelt ticket. The hi-lite of the election was the brilliant campaigns put on by Lair and Walker. Their theme song was "We'll Be Waitin' at the Table When the Cows Come Home, Nellie". We can't figure out how Morgan got in there. Somebody said because he got the most votes. Could be. Understand that the insignia is to be changed from P. P. D. to M. O. M.—probably ain't so. Also heard that the new lineup intends to build a fire under the legal and clerical ends of that long table. Lots of things are expected from this new lineup, but don't be in too big a hurry ... they have been instructed to wait until this column publishes its "Advise to Green Politicans."

Hope you all realize what the proposed "Vetville" will mean to Pahokee. The Veterans intend to build 48 homes in a subdivision off Barfield highway. If they do not build but half of them they will move Pahokee into a new bracket —"A Chicken Salad City". The old guard has tried for years to inject something into this town—the best they can do now is to keep out of the way of the Vets to keep from getting run under.

In case you have not heard, the Community Chest drive is on. We hear the response is not too good... mainly because people do not understand what all it represents... if you would like to know more about it, just phone Abe Dobrow or Roy Vandegrit or E. L. Pope or Jack Spencer or anyone else connected with the drive. This is a good plan and needs putting over.

They report a lively council meeting last Tuesday nite. Shaughnessy was named water boy. Lair donned the fire-fighters helmet. Hillier was pushed out on the streets. Geiger was tossed into the garbage and Mackey got caught with his fingers in the cash box. They all got together and approved forty-two new street lights. The Mayor slipped them seven "reforms" most of which they put in action as of now ... Chicken Salad, here we come ....

#### Circle Plans For Children's Banquet

Plans were made for a banquet for the Intermediate children of the First Baptist Church school at a meeting of the Lottle Moon Circle at the home of Mrs. F. G. Gillis Monday afternoon. The banquet will be held at the new Fellowship Hall on this Friday evening at 8 o'clock with Mrs. C. A. Moberg and Mrs. Gillis in

charge of arrangements.
On the program a study of 'gonditions and needs in home and foreign mission fields' was presented by Miss Elizabeth Caraway, assisted by Mrs. Stella Mullis and Mrs. Morgan Mullis. Mrs. Moberg, in a report on the Southern Baptist Convention held in Miami last week, told of hearing such noted foreign mission speakers as Jacob Gartenhaus, Dr. Rushbrook and Dr. Newton: She also said that \$10,000 in offerings were collected at the foreign mission program at which 15,000 persons were in at-

" SERVING THE GLADES"

# RAINS HALT BELLEGLADE **ROAD WORK**

Heavy rains of the past week have been cause for halting work on the new boulevard from the bridge in Belle Glade out to the packing houses, according to of-ficial information given this news-paper yesterday afternoon. "Just paper yesterday afternoon. "Just as soon as the weather permits," said the State Road department official giving out the informa-tion, "workmen will finish the con-tract."

The contract for seven-tenths of a mile of boulevard was let by the State Road Department to Belcher Oil Company of Miami at a bid price of \$199,161,81 and the work was supposed to have been com-pleted within a period of 170 days. On Wednesday of this week, when work was officially closed down on account of the rains, the contractaccount or the rains, the contract-ing company had used up 197 days time or was running 27 days over-time. The Belcher company will try to work out some kind of com-promise with the road department. promise with the road department for the delay in finishing the con-

The contract was a complicated one and called for removal of near-ly 100,000 yards of muck down to the rock and hauling in of a like the rock and hauling in of a like number of yards of rock for a base to be Road 26 style—rock-to-rock. There remains about a week's hauling which will be done with trucks when weather permits. All heavy equipment, including big "ukes", has been moved from the job. One dragline, remains on

hand, it was said yesterday.

The boulevard will be a 56 foot job with curb and gutter out about a third of the way from the bridge and then a 44 foot surfaced job with 8 foot shoulders the remaind-er of the way. When it is fin-lahed it will be the finest piece of road construction in the Ever-glades.

#### Part Of State Market **Road Goes To Pieces**

Resurfacing of the State Market Road will be started "as soon as possible" according to word receiv-ed from State Road Department officials. Contract for the resur-facing job was let several weeks ago but it has been impossible for the successful bidder to get around to completing the job.

Road department maintenance crews have been busy during the present rainy spell patching the road in spots in an effort to save the remaining surface but this week it looks like their efforts have been in vain, and it is possible that the part of the road from the Canal Point into the State Market will have to be rebuilt before it can be surfaced. Heavy traffic during the present marketing sea-son has torn the road to pieces.

EX-MAYOR O. B. McCLURE OF PAHOKEE

EX-MAYOR O. B. McCLURE OF PAHOKEE

Always popular with electorate in Pahokee, O. B. McClure retired from the Mayor's office after serving for four years. He was re-elected two years ago for a second term and did not offer for re-election this year. Mr. McClure has been a resident of Pahokee for many years, having come to Pahokee from Felismere in 1917. Before that he had farmed in Oklahoma where he 'proved up' a homestead in 1911. Pahokee's ex-mayor is one of the Lake Region's most successful farmers. He has had a part in Pahokee city, and cityic affairs ever since the town was incorporated in 1922 with a population of 350 citizens. His many years of hard work have been rewarded by a goodly amount of this world's goods. And, today "Mac" as he is called by his friends, in taking a long vacation into the land where he farmed as a young man. He and Mrs. McClure are on a summer vacation in the western states and he said that maybe the frost would fly there before their return. It is a well-earned vacation.
